Commercial

The commercial classification includes general shopping facilities to satisfy the shopping needs of the community and particular neighborhoods. The intensity of the commercial zone applied will depend on the nature and location of surrounding areas, the ability to buffer surrounding uses, and the availability of necessary infrastructure. Regulations of this district should be designed to provide a suitable environment for those commercial uses which are vital to economic life in Manila.

Mixed Use

The Mixed-Use designation is intended to provide for a multitude of various land uses such as commercial, office/business park and/or residential. Approvals in this designation are subject to the sole discretion of the Town Council. Density and intensity of mixed-use developments that include both commercial and residential uses to a maximum density of 7 dwelling units per acre.
