PROPERTY DESCRIPTION

Situated just south of Wellston just off highway 177 this 50+/- acre tract offers an ideal homesite with excellent access to major highways and Whiterock Elementary school just up the road. The rolling countryside provides a picturesque setting, perfect for building your dream home or starting a new homestead.

The property features rolling meadow views with mature oaks, pecans, and big cottonwoods in the creek bottom. A large 2 acre pond is the main focal point to the west side of the property. Evenings fishing with the family await! A great location for a home would be just north of the 2 acre pond also allowing the morning sunrise view of the creek bottom below. If you are a deer hunter you will really enjoy the opportunity to set up tree stands and blinds in the timber that separates the two open pastures on the property. The travel corridors through the timber are perfect spots to set up ideal stand locations for the fall. There is subtle elevation change as you enter the property with the highest points being on the west and east sides working down to the creek at the center of the property. This property is the perfect balance of open pasture, water features, and timber. An ideal property for a forever home, use for recreation, or make a weekend getaway.

If you've been searching for a rural property with great access this one deserves a look.
