THE OPPORTUNITY

Nestled in the hillsides of Waimea, this offering includes almost 7 acres of land with unobstructed 180-degree views of the Pacific Ocean and surrounding lush greenery. The offering presents the opportunity for a large private home lot in an exclusive neighborhood or maximizing the site under the current zoning with potential to subdivide the site into as many as 6 individual parcels that could each be developed with single family homes. The current zoning also provides a purchaser the option to preserve the land for agricultural uses such as farming and raising livestock while enjoying a quiet ranch life. As part of the Historic Parker Ranch, and located in the heart of paniolo country, this acreage offers a purchaser the chance to either enjoy a rural estate near town, or continue traditional ranch use, while backing up to the rolling pastures that Hawaii's legacy cattle operation has called home for generations.
