4.8 **Members' Voting Rights.** The votes of the Members shall be established and exercised as provided in the Covenants and Bylaws.

5. **ASSESSMENTS FOR COMMON EXPENSES.**

5.1 **Responsibility and Purpose.** The Owner(s) of each LOT shall be responsible for the payment of assessments for common expenses or other assessments to the Association as hereinafter provided. Said assessments shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents in the subject property and in particular for the improvement, operation and maintenance of properties, services and facilities devoted to this purpose and related to the use and enjoyment of the common properties including, but not limited to, the payment of taxes and insurance on the common properties, and repair, replacement and additions thereto, and for the cost of labor, equipment, materials, management and supervision thereof, as well as for the purpose of payment for drainage maintenance, and where applicable, taxes assessed by a governmental entity.

5.2 **Determination of Assessments for Common Expenses.** Prior to the beginning of each fiscal year, the Board shall adopt a budget for such fiscal year that shall estimate all of the common expenses to be incurred by the Association during the fiscal year. In determining the budget for any fiscal year, the Board may take into account Common Properties, lots and additions to the subject property anticipated to be added during the fiscal year. The Board shall then establish the assessments for common expenses per lot, which shall be equal to the total amount to be assessed for common expenses pursuant to the budget, divided by the total number of lots within the subject property. The Association shall then promptly notify all Owners, in writing, of the amount, frequency, and due dates of the Assessments for Common Expense per lot. If an expenditure of funds is required by the Association in addition to funds produced by the regular assessments for Common Expenses, the Board may make special assessments for common expenses, which may include assessments to provide funds to pay for an existing or proposed deficit of the Association, or for any additions, alterations or improvements to any Common Property, or for any other purpose (Section 2.5 of this Covenant limits the Association's ability to expend funds without member approval). Special assessments for Common Property shall be levied in the same manner as hereinbefore provided for regular assessments for common expenses and shall be payable in one lump sum or as otherwise determined by the Board in its sole discretion as stated in the notice of any special Assessments for Common Expenses.

5.3 **Notice and Due Dates.** The notice to all Owners, of the regular or special assessment and due date for common expenses per lot, should be mailed first class to the last address supplied to the association by the owner(s). In no event shall any regular or special assessment for common expenses payable by any owner be due less than 30 days from the date the notification is mailed to the owner(s).

5.4 **Payment of Assessments for Common Expenses.** On or before the date each Assessment for common expenses is due, the Owner(s) of

each lot shall be required to and shall pay to the Association an amount equal to the Assessment for common expenses per Lot, multiplied by the number of lots owned by the Owner. The Association shall, upon demand at any time, furnish to any Owner liable for said Assessment a certificate in writing signed by an officer of the Association setting forth whether said Assessment has been paid. Such certificate shall be conclusive evidence of payment of any Assessment therein stated to have been paid.

5.5 **Enforcement.** It any Owner fails to pay any Assessment for common expenses when due, the Association shall have the rights set forth in Paragraph 7.1, including, but not limited to the charging and collection of interest, the recording of a Claim of Lien and the foreclosure of the same.

5.6 **Maximum Assessments.** Notwithstanding anything contained herein or to the contrary, the regular Assessment for common expenses per Lot may not be increased by more than ten (10%) percent over the prior year's regular Assessment, without the approval of a majority of the votes cast by the members voting.

6. MAINTENANCE AND SERVICES.

6.1 **Exterior Maintenance.** Should an owner fail to maintain the appearance of their property, including any structure, in accordance with the general standards of the community of Cumberland Cove, the Association, acting through the Environmental Control Committee (E.C.C.), may take the following actions: 1) The Environmental Control Committee shall give the owner written notification of the deficiency(ies). The owner will be given thirty (30) days to comply or appeal to the Board. 2) After thirty (30) days, the Board will provide written notification to the owner giving the owner thirty (30) days to correct the deficiency(ies). 3) If, after the 30 day period allowed by the Board, the owner has neglected or refused to begin correcting the deficiency(ies), the Board, at the owner's expense, will take such remedial action as may be necessary (See Section 13.5 for Enforcement).

6.2 **Assessment of Cost.** The cost of such exterior maintenance shall be assessed against the lot or living unit upon which such maintenance is done and shall be added to and become part of the Assessment or charge to which the Lot or living unit is subject under Article 5 hereof and, as part of this Assessment, it shall be a lien and obligation of the Owner and shall become due and payable in all respects as provided in Article 5 hereof. Provided that, the Board, when establishing the Assessment against each lot or living unit for any assessment year as required under Article 5 hereof, may add to the Assessment the estimated cost of the exterior maintenance for that year but, thereafter, shall make such adjustment with the Owner as is necessary to reflect the actual cost hereof. There shall be included in the maintenance charges the costs of exterior painting and repairing or replacing of roofs and exterior building surfaces as may be required under paragraph 6.1 above, and of facilities located on the Common Property.

6.3 **Access at Reasonable Hours.** For the purpose solely of performing the exterior maintenance authorized by paragraph 6.1, the Association, through its duly authorized agents or employees, shall have the right, after reasonable notice to the Owner, to enter upon any Lot or the exterior of any living unit at reasonable hours on any day except Sunday.

6.4 **Services Provided to Lots and Living Units.** As shall be determined by the Board, services that the Association may provide to individual Lots and living units may include, but are not necessarily limited to security, such as guard patrols, and other miscellaneous services that, in the opinion of the Board, are consistent with the purposes of the Association. Costs for such services, if any, provided by the Association shall be assessed against Members as provided in Article 5. provided that, at the discretion of the Board, individual Members may contract with the Association to provide any or all such services.

- i. Other miscellaneous items that may be included such as exterminating services, security system maintenance and fire extinguisher services.
- j. A reserve for future maintenance and repairs.

7. COLLECTION OF ASSESSMENTS, DEFAULT AND ENFORCEMENT

7.1 Monetary Defaults and Collection of Assessments.

7.1.1 **Late Fees.** Late Fees will be assessed as of July 1st or sixty (60) days after the assessments are mailed, whichever is later, for the assessed year. Fees will be at the rate of ten percent (10%) APR or ten dollars (\$10) whichever is greater. The late fee will be assessed each July 1st until all assessments are current.

7.1.2 **Collection.** In the event any Owner fails to pay any Assessment or other moneys due to the Association within thirty (30) days after written demand the Association may take any action deemed necessary in order to collect such assessments or moneys including, but not limited to, retaining the services of a collection agency or attorney to collect such assessments or moneys, initiating legal proceedings for the collection of such assessments or moneys, recording a claim of lien as hereinafter provided, and foreclosing same in the same fashion as mortgage liens are foreclosed, or any other appropriate action, and the Owner shall be liable to the Association for all costs and expenses incurred by the Association incident to the collection of any Assessment or other moneys owed to it, and the enforcement and/or foreclosure of any lien for same, including reasonable attorneys' fees whether or not incurred in legal proceedings, and all sums paid by the Association for taxes and on account of any mortgage lien and encumbrance in order to preserve and protect the Association's lien. The Association shall have the right to bid, provided that the amount bid complies with Section 2.5 of this Covenant, in the foreclosure sale of any lien foreclosed by it for the non-payment of any assessments or monies owed to it. If the Association becomes the Owner of any lot by reason of such foreclosure, it may offer such lot for sale, or declare the lot to be Common Property of the Association. If the Association decides to sell such lot within ninety (90) days after the foreclosure closing, it need not comply with Section 2.12; however, after the lot has been declared to be Common Property, any future sale must comply with the approval requirements of Section 2.12. The sale of any lot must be publicly advertised. All payments received by the Association on account of any assessments or moneys owed to it by any Owner, shall be first applied to payments and expenses incurred by the Association, then to any unpaid assessments or moneys owed to the Association in the inverse order that the same were due.

7.1.3 **Lien for Assessment and Moneys Owed to ASSOCIATION.** The Association shall have a lien on the lot of any Owner, for any unpaid assessments or other moneys owed to the Association by such Owner, and for Late Fees, reasonable attorneys' fees incurred by the Association incident to the collection of the assessments and other moneys, or enforcement of the lien, and for all sums advanced and paid by the Association for taxes paid on account of superior mortgages, liens or encumbrances in order to protect and preserve the Association's lien. The lien is effective from and after the recording of a claim of lien in the public records of the county in which the affected lot is located, stating the description of the lot, the name of the Owner which owns the lot, the amount due, and the due dates. The lien is in effect until all sums secured by it have been fully paid. The claim of lien must be signed and

acknowledged by an officer or agent of the Association. Upon payment in full of all sums secured by the lien, the Owner making the payment is entitled to a satisfaction of the lien (See Bylaws Section 9.3.2 for lien filling time frames).

7.1.4 **Transfer of Lot After Assessment.** The Association's lien shall not be affected by the sale or transfer of any lot, and in the event of any such sale or transfer, both the new Owner and the prior Owner shall be jointly and severally liable for all assessments, interest and other costs and expenses owed to the Association which are attributable to any lot purchased by or transferred to such new Owner.

7.1.5 **Subordination of the Lien to Mortgages.** The lien of the Association for assessments or other moneys shall be subordinate and inferior to the lien of any first mortgage recorded prior to the recording of a Claim of Lien by the Association. The sale or transfer of any lot by the foreclosure of a first mortgage or by deed in lieu thereof, shall extinguish the lien of the Association as to any Assessment, interest, expenses or other moneys owed to the Association which became due prior to such sale or transfer, unless a Claim of Lien for same was recorded prior to the recording of the mortgage, and neither the mortgagee, nor any purchaser at a foreclosure sale, nor their grantees or successors, shall be responsible for said payments but they shall be liable for any assessments due after such sale or transfer. If the Association's lien or its rights to any lien for any such assessments, interest, expenses or other moneys owed to the Association by any Owner is extinguished as aforesaid, then if the Association is in need of such funds same shall thereafter be common expenses, collectible from all Owners including such acquirer, and its successors and assigns.

7.1.6 **No Set-Offs.** No Owner shall have the right to set-off or reduce any assessments for common expenses by any claims that such Owner may have or may claim to have against the Association.

7.2 **Certificate as to Unpaid Assessments.** Within fifteen (15) days after written request by any Owner or institutional lender holding a mortgage encumbering any lot, the Association shall provide such Owner or institutional lender with a written certificate as to whether or not the Owner is in default with respect to the payment of assessments.

8. **TERM OF DECLARATION.** All of the foregoing covenants, conditions, reservations and restrictions shall run with the land and continue and remain in full force and effect at all times as against all Owners, their successors, heirs or assigns, regardless of how the Owners acquire title, for a period of fifty (50) years from the date of this Declaration, unless within such time, Members representing one hundred (100%) percent of the votes of the entire membership of the Association execute a written instrument declaring a termination of this declaration (as it may have been amended from time to time). After such fifty (50) year period, unless sooner terminated as provided above, these covenants, conditions, reservations and restrictions shall be automatically extended for successive periods of ten (10) years each, until Members representing one hundred (100%) percent of the votes of the entire membership of the Association execute a written instrument declaring a termination of this declaration (as it may have been amended from time to time). Any termination of this declaration shall be effective on the date the instrument of termination is recorded in the public records of each county in which the subject property is located.

9. **UNIFORM GENERAL REQUIREMENTS**

9.1 **The SUBJECT PROPERTIES.** No structures other than one single-family dwelling unit and those buildings ordinarily appurtenant thereto shall be built on any of the Subject Properties. Each of the Subject Properties shall be used solely for residential purposes, except as hereafter set forth; commercial use shall be permitted inside of any dwelling unit so long as the business activity (1) is not apparent or detectable by sight, sound, or smell from the exterior of the dwelling unit; (2) does not involve door-to-door solicitation of residents of the Subject Properties; (3) conforms to all zoning requirements for the Subject Properties; (4) does not increase insurance premiums paid by the Association or otherwise affect the ability of the Association to obtain insurance coverage; and (5) is consistent with the residential character of the

Subject Properties and does not constitute a nuisance, hazard or an offensive use, and does not threaten the security or safety of the other residents of the Subject Properties. Except for the foregoing, no commercial activities of any kind shall be permitted or conducted upon any of the Subject Properties

9.2 **No Resubdivision.** None of the Subject Properties may be resubdivided, except by the Association. No resubdivision can result in reduced assessments to the Association. No resubdivision can result in the creation of additional lots, i.e. one large Lot cannot be divided into smaller residential lots. No resubdivision will be considered until written approval is obtained from the appropriate County.

9.3 **Prohibited Residential Structures.**

9.3.1 No travel trailer, recreational vehicle, boat, tent, storage building, garage, barn or out buildings erected on any Lot shall at any time be used as a permanent residence and no person may remain in any of the foregoing for more than thirty (30) days except with E.C.C. approval. The phrase "recreational vehicle" shall mean every licensed vehicle and conveyance designed, used or maintained primarily as a travel trailer, motor home, camper, boat and boat trailer or other similar use. No recreational vehicle shall be permitted on any lot unless the lot contains a residential dwelling. With the consent of the E.C.C., and subject to any conditions that the E.C.C. may impose in connection with its granting of any consent in its sole discretion, any lot owner may keep or construct any of the before mentioned vehicles or structures on his lot and reside in the same during such time as the Owner is diligently pursuing construction of a single-family dwelling unit upon his lot, which dwelling unit has been approved by the E.C.C. In any event such exception shall terminate when the construction of the single-family dwelling is completed.

9.3.2 No mobile home shall at any time be placed on any lot at any time. No mobile home may temporarily or permanently be used as a residence. This prohibition covers any structure transportable in one or more sections and designed to be used as a dwelling. The phrase "mobile home" shall mean and refer to the type of dwelling commonly referred to as a mobile home which is prefabricated and which is commonly kept on locations commonly referred to as mobile home parks, regardless of whether the mobile home contains any axle or wheels and regardless of whether the mobile home has been placed on a permanent building foundation. Modular and manufactured homes may be considered, on an individual basis, by the E.C.C. No variance will be allowed for mobile homes.

9.4 **Parking** No truck exceeding one-ton capacity shall be parked, within the Subject Properties overnight, unless the truck is being used in connection with the construction of a new residential dwelling unit. All other vehicles (except automobiles, SUV's, and small trucks) or equipment must be parked in a garage or hidden from view by neighbors or from the street. Vehicles parked within the Subject Properties must have a valid current registration unless such vehicles are kept inside a garage. Any vehicle parked on a Subject Property must not be a nuisance and must conform to the communities' standards for sight, sound, and smell. If a reasonable complaint is filed, by an adjacent neighbor, that a truck, piece of equipment, or other vehicle is a nuisance, then the vehicle must either be put into a garage, moved to an out of sight location, or removed from the subject property, if the complaint is upheld by the E.C.C. A special purpose variance may be requested.

9.5 **Set Backs.** No permanent structure hereafter erected upon the Subject Properties shall be closer than forty (40) feet from any property line running adjacent to a county road and no closer than twenty (20) feet from a property line on all other sides of the property. The E.C.C. may grant a variance, if a proven need arises. Written notice must be given to all adjacent neighbors that a variance has been requested and that they are invited to comment. Written approval must be received from the adjacent neighbor affected by any side or rear set back variance request before it can be approved by the E.C.C.

*9.6 **Minimum Square Footage Requirements.** No structure shall be erected upon the Subject Properties in violation of the size restrictions contained in the recorded plat, as it may be amended from time to time. In addition to such size restrictions any living unit constructed on any lot within the Subject Properties shall have a

minimum fifteen hundred (1500) square feet of heated living space, exclusive of porches, garages, carports, patios and similar external features. A variance may be considered where the Department of Environment and Conservation recommends a smaller house. A variance may be considered on the minimum square foot requirement, where unusual circumstances exist, but no variance will be approved for houses of less than one thousand (1,000) square feet. A property owner will submit their written request for a variance to the ECC committee for consideration. *(9.6 as amended of the declaration was submitted and filed with the respective County Clerks, October 2006: The Register of Deeds of Cumberland County, Tennessee at Book 1111, page 2176 et seq. and in the Register of Deeds of Putnam County, Tennessee at Warranty Deed Book 443, page 561, et seq.)

9.7 **Signs.** No sign of any kind shall be displayed to the public view on any single family residence lot, except signs used by a builder to advertise the property during the construction and sales period, customary "for sale" signs not exceeding two (2) feet in height and three (3) feet in width, security related signs, and any official signs of the association.

9.8 **Animals.** No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot except that dogs, cats or other animals normally considered to be domestic pets may be kept. In addition, up to two (2) horses may be kept on any lot containing at least four (4) acres, but no horses may be kept on any lot containing less than four (4) acres, without the written permission of the E.C.C. In any event, no horses may be kept on any Lot unless the horse is contained in a fence or walled-in area approved by the E.C.C. , which shall be more than one hundred (100) feet from any exterior lot line. No pet should at any time be a nuisance to neighbors or the community. All pets are subject to the communities' standards for sight, sound, and smell and complaints should be addressed to the E.C.C. The E.C.C. may grant a variance for the type of pet that may be kept, but written approval, from all adjacent Property Owners, must be obtained before the variance is granted.

9.9 **Trash Storage.** No lot shall be used or maintained as a dumping ground for rubbish. Household garbage must be kept in sanitary containers and placed in the trash enclosures. No lot on which improvements have been constructed or erected shall be allowed to become or remain unsightly.

9.10 **Planting.** No hedge or shrub planting which obstructs sight lines shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply to any lot within ten (10) feet from the intersection of a street property line and the edge of a driveway.

9.11 **Tree Preservation.** In constructing any residential dwelling or other improvement on a Lot, it shall be accomplished in a manner that will minimize the destruction of trees. It is the intent of the Association to assure the maximum preservation of trees in the Subject Properties. Existing trees on the subject property will not be removed unless their removal proves to be necessary i.e. due to the location of the structure or structures. Under no circumstance can any more than fifty (50) percent of the existing trees be removed, for any reason, without Environmental Control Committee or Board approval.

9.12 **Oil Gas and Mineral Operations.** No operations with respect to oil, gas and minerals, including, without limitation, drilling, development, refining, exploration, quarrying, mining or extractions of any kind shall be permitted upon any Lot nor shall oil or gas wells, tanks, tunnels, mineral excavations or shafts be permitted upon any Lot. No derrick, drilling rig or other structure designed for use in drilling for oil or gas shall be erected, maintained or permitted on any Lot or Parcel.

9.13 **Easements.** Easements for the installation and maintenance of public utilities and drainage facilities are reserved as noted on the recorded plat. Within these easements, or any easement granted by the Association pursuant to Paragraph 3.4, no structure, planting or other material shall be placed or permitted to remain which may damage,

impair or interfere with the installation and maintenance of utilities. The easement area of each Lot, tract or parcel and all permitted improvements within said easement areas shall be maintained continuously by the Owner of the Lot, tract, or parcel, except for those improvements for which a public authority or utility company is responsible.

9.14 Encroachment on Lots. In the event that any portion of any roadway, drainage way, water lines, sewer lines, utility lines, or any other structure as originally constructed by Developer or its designee, successor or assign encroaches on any Lot, it shall be deemed that the Owner of such lot has granted a perpetual easement to the Owner of the adjoining lot or the Association as the case may be, for continuing maintenance and use of such encroaching roadway, water line, sewer line, utility line or structure. The foregoing shall also apply to any replacements of any such roadway, drainage way, water lines, sewer lines, utility lines or structure if it is constructed in substantial conformance to the original. Other encroachments may be maintained as herein provided. The foregoing conditions shall be perpetual in duration and shall not be subject to amendment of these covenants and restrictions.

9.15 Custodial Care. It is understood and agreed that said premises may not and shall not be used for convalescing or custodial care as a home occupation.

9.16 Prohibition of Firearms. No firearms may be discharged within the Subject Properties except when necessary for personal protection. In addition, no hunting is permitted within the Subject Properties.

9.17 Burning. Wildfire is a major concern and threat to this area. No fires are to be set and left unattended. Tennessee state law also currently requires a daily burning permit to be obtained for open burning from October 15th through May 15th. Since these dates are subject to change you must check with the State before burning. The Association office can provide the telephone number for your county. Failure to obtain such permits is punishable by law. Persons guilty of starting a wildfire may suffer criminal charges and/or be responsible for damages incurred. The Board, at the owners' expense, may take such remedial action as may be necessary.

9.18 Additional Rules and Regulations. The Board may establish such reasonable additional rules and regulations as may be deemed to be for the best interest of the Association and its Members, with a positive vote of at least two thirds (2/3) of the total current number of active Board members. However, a minimum of 5 positive votes is always required to pass or amend any additional rules or regulations. Such rules and regulations shall be included in the Bylaws or a published policy statement.

9.19 Complaints. Complaints concerning violations of the restrictions listed in Section 9 should be referred to the Environmental Control Committee for handling as specified in Section 11.4 of this Covenant.

10. RIGHTS OF INSTITUTIONAL LENDERS.

10.1 Notice of Action. Upon written notice to the Association by any Institutional Lender holding, insuring or guaranteeing a mortgage encumbering any Lot, identifying the name and address of the institutional lender and the Lot encumbered by such mortgage, any such Institutional Lender Will be entitled to timely written notice of;

Any holder receiving such request shall be required to consent to or disapprove the matter for which the consent or approval is requested, in writing, by certified mail, return receipt requested (or equivalent delivery evidencing such request was delivered to and received by the Association), which response must be received by the Association within thirty (30) days after the holder receives such request, and if such response is not timely received by the Association, the holder shall be deemed to have consented to and approved the matter for which such approval or consent was requested. Such consent or approval given or deemed to have been given, where required, may be evidenced by an affidavit signed by all of the directors of the Association, which affidavit, where necessary may be recorded in the public record of any county where the subject property is located, and which affidavit shall be conclusive evidence that the applicable consent or approval was given as to the matters therein contained.
