CAMDEN HILLS FARMS

Welcome to Camden Hills Farms! This 652± acres of paradise is located fronting Highway 17, only 40 minutes from Madison, MS, and only 4 miles from the Big Black River Basin, which carries the genetics of Madison County trophy bucks. This property is home to Madison County's finest trophy whitetails, turkey, and 200± acres of high-fenced area that contains many exotic species of animals, including Grant's zebras, red stag, black bucks, axis, fallow, and more!

The home features 1,825± sqft, four bedrooms, and two large bathrooms. The beautiful kitchen offers panoramic views of the pavilion, and a 15± acre field planted in a food plot—providing a unique vantage point to observe your game. Whether from the kitchen window, primary suite, or the expansive rear deck, you can relish in the sight of your game. The family room will be your favorite place to sit and discuss the day's events, the kids' hunting experiences, or the "big one" that got away in your private 20± acre fully stocked lake, complete with a boathouse and pier. This lake, meticulously crafted by the current owner, was specifically designed to cater to trophy fishing enthusiasts. The original home was built around 1904 and has had many updates, with the latest being in 2015, which included a total update and the addition of the primary suite and bathroom with a fully enclosed screened front porch. For the outdoor enthusiast, you will enjoy your skeet range featuring six stations and a dedicated rifle, pistol, and bow range.

Additionally, a 2,000± sqft barn/shop stands ready to house all your ATVs and recreational equipment. A well-equipped workshop awaits for any necessary repairs. An expansive 40'x100' equipment storage building is on hand for safeguarding your tractors and machinery. The land consists of various timber stands, including mature pine, hardwoods, and a few outstanding bedding areas for your herd. There are nine large, well-established food plots with stands (some enclosed shooting houses) located outside the high-fenced area. Hobock Creek traverses the property providing plenty of water for your game, in addition to two ponds and the 20± acre lake. This property's over 10± mile road system is fantastic, one the best I've ever seen. Saving the best for last, the experience in the high-fence enclosure is one-of-a-kind! The property is beautiful and covered in mature timber, with many open areas for grazing and watching. There is an observation shooting house that comfortably handles eight people. The variety and beauty of these animals will mesmerize you, and you will quickly become attracted to your newfound friends.

In summary, Camden Hills Farms is one of the finest recreational tracts you and your family will ever encounter. It has all the bells and whistles, beauty, character, trophy whitetails, turkey, and bass, providing a canvas upon which your family can paint lasting memories for generations to come.
