

16.16.315 - Permitted uses and permit requirements.

The permitted uses and permit requirements in this article are provided in a table format. Land uses are provided in the first (vertical) column of the table and commercial/industrial land use designation in the top (horizontal) row. In order to determine which permit process is applicable or if the land use is allowed, the use must be matched up with the corresponding land use designation. Once the land use and land use designation are matched, the symbol in the box represents the applicable process. The following key legend demonstrates which symbol corresponds with the applicable permit process. Footnotes are also provided and considered part of this development code.

Key to Permit Requirements

Symbol	Applicable Process
A	Accessory Use
CUP	Requires a Conditional Use Permit
NP	Not Permitted
P	Permitted Use
