These map documents do not represent a legal survey of the land. We are currently transitioning software programs to manage our assessment and appraisal information. So, until that transition is complete, property updates will not be reflected in ConnectGIS. We don't have a target date for completion but will have that transition completed as soon as we can. We appreciate your patience as we work through this process. This GIS Data is provided "as is" without warranty of any representation of accuracy, timeliness, or completeness. The burden for determining accuracy, completeness, timeliness, merchantability, and fitness for or the appropriateness for use rests solely on the user. Lawrence County makes no warranties, express or implied, as to the use of the Data. There are no implied warranties of merchantability or fitness for a particular purpose. The user acknowledges and accepts the limitations of the Data, including the fact that the Data is dynamic and is in a constant state of maintenance, correction, and update.
