MORE ABOUT 2852 HWY 88 EAST

The flow from the back deck and gazebo provides many areas to entertain. The gazebo has electricity and has been used as a grilling area/outdoor kitchen where guests gather or come and go with easy access to the home's large kitchen. The kitchen has a large contrasting black bar that provides a workspace, lots of storage, and additional seating. New updates include a granite sink with a pull-down kitchen faucet and garbage disposal and black stainless appliances. The large picture window overlooks the back deck and is the perfect place to watch the sunrise over breakfast or morning coffee.

The primary bedroom and bathroom are separate from the other three bedrooms and have direct access to the back deck and hot tub. A large laundry room has pantry cabinets and room for an extra fridge or freezer. A formal dining room can be used for dining or additional living space. The alcove in the hall between the dining room and kitchen is the perfect coffee bar space.

In addition to the garden shed, there are two shop buildings for his and her hobbies. The 30' x 40' shop was built in 2021 and offers three roll-up doors/bays, a concrete floor and apron, electricity, and water near the exterior door. It could be used commercially, as it sits on the front acreage nearest Highway 88 East. The western cedar shop near the home makes a great hobby shop, additional storage, or the perfect place to house your golf cart or ATV and other recreation essentials.
