

Elsinore Valley Municipal Water District

Our Mission...

The EVMWD team delivers total water management that powers the health and vibrancy of its communities so life can flourish.

SUBJECT: WATER & SEWER AVAILABILITY
APN 361-176-001

Thank you for reaching out to Elsinore Valley Municipal Water District (District) for your project needs. A review of the associated property identifies that water is available. Please utilize the following information when moving forward with your project:

This letter only advises that water and/ or sewer mains are available to service this project. It is not an approval to connect to these facilities or a certification that there is adequate capacity to serve the proposed development. You will be required to apply for a Will Serve to receive a formal quote of fees.

- Sewer Availability:
 - Sewer mainline is not available within 200 feet of the subject parcel. Please contact Riverside County Department of Environmental Health for septic requirements, 951-955-8980.
- Water Availability:
 - Water mainline is available to the subject parcel. Construction of a water service line will be required. You may request that the District install one for you or you will be required to hire a Class "A"-Licensed contractor or approved C-34, or C-42 Certificate to construct the service line. You will be required to complete a Will Serve application to obtain a formal quote of fees.

A fire flow test is required for verifying pressure. Please note that if the pressure is not available a line extension may be required. A booster pump may be required if pressure does not meet demands. Please complete the application, and return it to the District, along with the application fee and completed application. [Fire Flow Test Link](#)

Capacity (connection) fees are available online at [Capacity Fees Link](#)

The capacity fees do not include fees for line extensions and/or reimbursement fees for the parcel. Reimbursement fees will be quoted on your Service Commitment Letter.

A formal quote of capacity fees can be obtained by completing a Will Serve & Connection Fee Application along with the processing fee. Once received, your Service Commitment Letter will be available within approximately 20 working days depending on the site.
